Dear Sir,

I am writing to encourage you to grant petition 98P-0151/CP1 to prohibit the slaughter of downed animals.

It is impossible to move downed animals in a humane fashion and industry experts estimate that 90% of downed animals can be prevented with better care and handling in the first place.

It is time to move into the new century with this very important petition.

Thank you for your attention in this matter.

Sincerely yours,

Ray Higgins
